Stonemasons' Strike Ended.

The strike of the stonemasons for an advance in wages, which was inaugurated some weeks ago, has been settled, the masons receiving 35 cents an hour. No settlement, however, has been made with the demands of the stonemasons, but the matter is said to be in a fair way to an adjustment.

Enlarging his Facilities.

Mr. L. A. Jurgens, the well known Sixteenth street baker, has been compelled by the phenomenal growth of his business to enlarge his facilities. He is now building new and larger ovens and otherwise improving his establishment. In quality his bread has no superior, and the increase in the demand for it is not at all wonderful.

Bridge Stockholders Meet.

The annual stockholders' meeting of the Wheeling Bridge Company was to have been held yesterday, but a quorum did not appear. The present board of directors therefore holds over until a special meeting is held, or until the next annual meeting. A director said last night that the annual reports show that the company is in good financial condition and out of debt.

Transfers Recorded.

Clerk Hook yesterday admitted to record transfers of real estate as follows: Deed made May 1, 1894, by Henry Smith to Pauline Falck, for a piece of property on the hill below Ninth street, for \$400.

Deed made May 1, 1894, by Philip Neuman and wife to William E. Fry, for a parcel of land on Woods street, below Twenty-fifth street, for \$940.

Mrs. Mackie Found.

Mrs. Annie Mackie, the aged woman whose disappearance from her home was mentioned in yesterday's INTELLIGENCER, wandered clear out to Elm Grove, where Constable Anderson found her at 1 a. m. and took her to the infirmary. Later Christopher Stockdale, her son-in-law, found her there. She was brought to her daughter's home yesterday, apparently not much the worse for her adventure.

Coming Dramatic Event.

Since the first announcement of the production of "My Lord in Livery" and "Checkmate," to be given at the Opera House, May 18 and 19 by home talent, there has been many inquiries as to whether there will be a matinee. The committee in charge announced that there will be a matinee performance on Saturday afternoon, May 19. There will only be the two performances, Friday night and Saturday matinee.

A Mistaken Impression.

The feeling of Island residents and people in general against the two bridge companies seems to injuriously affect the Island street car line. The people apparently believe that when they pay a nickel car fare it increases the revenues of the steel bridge. No idea could be more erroneous. The street railway pays the bridge owners a lump sum per month, and whether they carry few or many passengers this sum is just the same.

The Weather in April.

Mr. C. Schnepf, the government observer, gives the following items of the weather in the past month: It was fair on 9 days; clear on 6; cloudy on 4. There was rain on 11 days. The average temperature was 53.6. In April, 1893, it was 53.4. The rain fall was 3.47 inches, and in 1893, 5.00. The warmest day was the 23th, 83 degrees, and the coldest the 27th, 3 degrees. There were five thunderstorms during the month.

The Courts.

Judge Paull yesterday appointed George J. Matheson, Thomas O'Brien and F. A. Wingerter commissioners to partition the property in the suit of Mary A. Weisel vs. Joseph P. Weisel administrator.

The case of the Manufacturers' Fire Insurance Company vs. George R. Tingle and one other is on trial to a jury. In Judge Campbell's court in the case of Neill & Ellingham vs. Roger Brothers' Produce Company the issue was found to be with Neill & Ellingham and judgment was given them for \$250. The counsel for the First National Bank, of Santa Barbara, California, made a motion for a new trial.

The case of P. Bachmann & Sons vs. M. Merkel and the Wheeling Bakery Company, is on trial before a jury.

"A wolf in sheep's clothing"—the substitute offered by the "cutter" as being just as good as Ayer's Sarsaparilla. If you don't want to be bitten, insist upon having Ayer's Sarsaparilla, even if it is a little dearer. Depend on it, it will be cheaper for you in the end.

A Popular Remedy.
The promptness and certainty of its cure have made Chamberlain's Cough Remedy famous. It is intended especially for coughs, colds, croup and whooping cough, and is the most effective remedy known for these diseases. Mr. C. B. Main, of Union City, Pa., says: "I have a great sale on Chamberlain's Cough Remedy. I warrant every bottle and have never heard of one failing to give entire satisfaction."

For Malaria, Liver Trouble, or Indigestion, use BROWN'S IRON BITTERS

BOARD OF EDUCATION.

The Complaint Against Webster School Contractors—No Quorum Appears.

A special meeting of the board of education was called for last evening for the purpose of considering complaints against the contractors for work on the Webster school house. A quorum, however, failed to materialize, the members who signed the call for the meeting even failing to put in an appearance.

The alleged trouble appears to be the complaint of some Wheeling workmen, who claim that preference has been given to foreign labor by Lowe, of West Wheeling, Ohio, who is a sub-contractor under Klieves, Kraft & Co. for the brick work, and Hallock Bros., also sub-contractors for the masonry.

Mr. Hitchcock, of Hallock Bros., said that the firm advertised for masons and jobs were waiting the men, but they refused to accept the jobs unless the firm discharged a man who was objectionable to them. This the firm, of course, refused to do.

In regard to the bricklayers, the complaining parties allege that Lowe has five Ohio men working for him. This they claim is in direct violation of the terms on which the contract was let to Klieves, Kraft & Co., they stipulating with the board of education to employ none but home labor.

A member of the firm of Klieves, Kraft & Co. said last night that he did not think Lowe had over three or four men working for him who were not residents of Wheeling, and that it was very difficult to regulate the choice of workmen at all times. He refused to discuss the merits of the claims presented by the complaining parties. Several of the members of the board who showed up last night deprecated the idea of turning that body into a board of arbitration.

A PROMISING CONCERT.

The Western Pennsylvania University Glee Club Coming.

Wheeling is to have another college concert. Manager James D. Carey is in the city arranging an entertainment to be given at the Opera House by the Western University of Pennsylvania Glee and Banjo Clubs, of Pittsburgh, on May 25. It is expected that it will be one of the leading social events of the season in this city, as a large number of the ladies of this city are taking a decided interest in the affair, and things look now like a decided success. The clubs consist of about thirty-five men, and have given very successful concerts in all the cities of Southern New York and Northern Pennsylvania.

The following ladies have so far shown interest in the affair: Mrs. George K. Wheat, Mrs. Joseph Spaidel, Mrs. John McClure, Mrs. John Frew, Mrs. John List, Mrs. R. Rush Swope, Mrs. Ed. Mendel, Mrs. J. W. Grubb, Mrs. Ashman, Mrs. J. Pollock, Mrs. J. F. Merriman and many others.

THE ABORTION CASE.

Dr. Weschler May be Admitted to Bond, if he Gets It.

Yesterday Judge Jordan, of the criminal court, rendered his decision in the matter of the habeas corpus hearing of Dr. Hyman Weschler, accused of the murder of Delilah Ritchie by abortion. The question at issue was whether the prisoner could be admitted to bail. After reviewing the state of the case and the law, Judge Jordan decided that the offense was bailable, and he fixed the bond at \$10,000. Up till last night the doctor had not found a bondsman.

World's Columbian Exposition

Will be of value to the world by illustrating the improvements in the mechanical arts and eminent physicians will tell you that the progress in medicinal agents, has been of equal importance, and as a strengthening laxative that Syrup of Figs is far in advance of all others.

A Successful Enterprise.

The Savings and Loan Building Association of Wheeling has just completed its first year, and has elected the following board of directors: John E. Clator, W. H. Travis, John V. Gavin, William Graham, Jr., James McAdams, W. H. Haller, William McCormack, Henry C. Snider, N. W. Bees. Notwithstanding the depression in general business the association has had a most successful year, and has enabled thirty of its members to build homes. The business is managed with great care, and loans are made after a careful examination of the security offered, by a committee of experienced men. The association sells two kinds of stock—installment stock, on which the member pays twenty-five cents a week, and full paid stock, for which a certificate is issued and on which six per cent interest is paid semi-annually.

On our installment stock a dividend of thirty cents a share has been declared, and with the large paying business now in force, a much larger profit is assured for the coming year.

Stock can be secured from any of the directors or from any officer. John E. Clator, is president, John E. Schellhase, secretary; A. J. McNash, treasurer, and W. J. W. Cowden, attorney.

SUMMER LAW SCHOOL.—We call attention to the announcement in another column of the Summer Law School of Washington and Lee University, Lexington, Va. Lectures begin July 2, 1894.

Notice.

Having resigned my position with G. Mendel & Co. to take charge of the undertaking department of Alexander Frew, I hope by strict and courteous attention to business, day and night, to merit approval of those requiring such services.
